DECISION ON REQUEST TO
PARTICIPATE IN PATENT
PROSECUTION HIGHWAY
PILOT PROGRAM AND
PETITION TO MAKE SPECIAL
UNDER 37 CFR 1.102(d)

This is a decision on the request to participate in the Patent Prosecution Highway (PPH) pilot program and the petition under 37 CFR 1.102(d), filed July 14, 2009 to make the above-identified application special.

The request and petition are **DENIED**.

A grantable request to participate in the PPH program and petition to make special require:

- (1) The U.S. application is
 - (a) a Paris Convention application which either
 - (i) validly claims priority under 35 U.S.C. 119(a) and 37 CFR 1.55 to one or more applications filed in the JPO, or
 - (ii) validly claims priority to a PCT application that contains no priority claims,
- Or
- (b) a national stage application under the PCT (an application which entered the national stage in the U.S. from a PCT international application after compliance with 35 U.S.C. 371), which PCT application
 - (i) validly claims priority to an application filed in the JPO, or
 - (ii) validly claims priority to a PCT application that contains no priority claims, or
 - (iii) contains no priority claim,
- Or
- (c) a so-called bypass application filed under 35 U.S.C. 111 (a) which validly claims benefit under 35 U.S.C. 120 to a PCT application, which PCT application
 - (i) validly claims priority to an application filed in the JPO, or

- (ii) validly claims priority to a PCT application that contains no priority claims, or
- (iii) contains no priority claim.

Where the JPO application that contains the allowable/patentable claims is not the same application for which priority is claimed in the U.S. application, applicant must identify the relationship between the JPO application that contains the allowable/patentable claims and the JPO priority application claimed in the U.S. application.

(2) Applicant must submit a copy of:

- a. The allowable/patentable claim(s) from the JPO application(s) or if a copy of the allowable/patentable claims is available via the Dossier Access System (DAS) applicant may request the USPTO obtain a copy from the DAS, however if the USPTO is unable to obtain a copy from the DAS the applicant will be required to submit a copy;
- b. An English translation of the allowable/patentable claim(s) and
- c. A statement that the English translation is accurate;

(3) Applicant must:

- a. Ensure all the claims in the U.S. application must sufficiently correspond or be amended to sufficiently correspond to the allowable/patentable claim(s) in the JPO application(s) and
- b. Submit a claims correspondence table in English;

(4) Examination of the U.S. application has not begun;

(5) Applicant must submit:

- a. Documentation of prior office action:
 - i. a copy of the office action(s) just prior to the "Decision to Grant a Patent" from each of the JPO application(s) containing the allowable/patentable claim(s) or
 - ii. if the allowable/patentable claims(s) are from a "Notification of Reasons for Refusal" then the Notification of Reasons for Refusal or
 - iii. if the JPO application is a first action allowance then no office action from the JPO is necessary should be indicated on the request/petition form;

Further, if a copy of the documents from a or b above is available via the Dossier Access System (DAS) applicant may request the USPTO obtain a copy from the DAS, however if the USPTO is unable to obtain a copy from the DAS the applicant will be required to submit a copy; b. An English language translation of the JPO Office action from (5)(a)(i)-(ii) above c. A statement that the English translation is accurate;

(6) Applicant must submit:

- a. An IDS listing the documents cited by the JPO examiner in the JPO office action (unless already submitted in this application)
- b. Copies of the documents except U.S. patents or U.S. patent application publications (unless already submitted in this application);

(7) The required petition fee under 37 CFR 1.17(h).

The request to participate in the PPH pilot program and petition fails because of:

A. Item 4 above. Specifically,

1. Examination of the U.S. application has begun.

Thus, the Petition is **DENIED**.

Telephone inquiries concerning this decision should be directed to Mano Padmanabhan at 571-272-4210.

All other inquiries concerning the examination or status of the application should be directed to Patent Application Information Retrieval (PAIR) system.
